NATIONAL RESEARCH DEVELOPMENT CORPORATION

[An Enterprise of DSIR, Ministry of Science & Technology, Govt. of India]

Date: 23-03-2026

To whomsoever it may concern

This is to certify that ICPURE India Private Limited is an incubated company associated with the National Research Development Corporation (NRDC), a Government of India enterprise under the Department of Scientific & Industrial Research (DSIR), Ministry of Science & Technology.

ICPURE India Private Limited, through its consumer brand "**SOMAWA**", develops alkaline water ionizer systems built around advanced ionization technology and engineered components such as titanium sintered platinum plates, Cation-transfer membrane and AFS technology. The company positions its products for Indian water conditions and lifestyle at varying TDS levels, reflecting a strong focus on practical adaptation for the Indian market. During its incubation at NRDC, Somawa has demonstrated a clear commitment to uplifting product quality, indigenous product development, technology-led design and engineering, adaptation to Indian water parameters, and the commercially scalable deployment of its solutions.

This letter is issued upon request for appropriate use.

Warm Regards,

S. Chawla

Subodh Chawla

Deputy General Manager (TC & IT)

National Research Development Corporation (NRDC)
